## Overview

Adriel is a seasoned leader in Tech Security, Compliance, Audit, and Risk Management, with several years of experience within the global corporate landscape. Fluent in both English and Spanish, he has successfully led teams and delivered impactful IT governance, compliance, and audit services. Adriel's expertise includes conducting Sarbanes-Oxley (SOX) Information Technology General Controls (ITGC) testing, performing SOC 2 security assessments, implementing Vendor Cyber Risk Management programs, Cyber Security Awareness Trainings, and performing Data Privacy IT compliance assessments.

Beyond his professional endeavors, Adriel enjoys staying active and maintaining a healthy lifestyle by playing tennis, exercising, and lifting weights on a regular basis. He often also likes catching up with friends and colleagues, and fostering connections outside of the workplace.

In addition to his personal interests, Adriel has made contributions to academia and professional communities. He served as an adjunct professor at Miami Dade College's School of Business Administration, where he engaged students through interactive lectures and applied learning techniques. Adriel also contributed as a board member of the South Florida chapter of the Project Management Institute (PMI), collaborating with internal stakeholders to further the chapter's vision.

Adriel's diverse background and extensive experience has enabled him to lead security initiatives and provide trusted guidance on cybersecurity matters with a solution-oriented risk-based approach. He is driven by a desire to make a meaningful impact and empower organizations to achieve their strategic objectives.
